VS-104MT..KPbF Series
Vishay Semiconductors

## Three Phase AC Switch (Power Modules), 100 A

## FEATURES

- Package fully compatible with the industry standard INT-A-PAK power modules series
- High thermal conductivity package, electrically insulated case
- Outstanding number of power encapsulated components
- Excellent power volume ratio
- $4000 \mathrm{~V}_{\mathrm{RMS}}$ isolating voltage
- UL E78996 approved

피

- Designed and qualified for industrial level
- Material categorization: for definitions of compliance please see www.vishay.com/doc?99912

## DESCRIPTION

A range of extremely compact, encapsulated three phase $A C$ switches offering efficient and reliable operation. They are intended for use in general purpose and heavy duty applications as control motor starter.
