## AAP Gen 7 (TO-240AA) Power Modules Thyristor/Diode and Thyristor/Thyristor, 45 A, 60 A

www.vishay.com

ADD-A-PAK

PRIMARY CHARACTERISTICS						
I <sub>T(AV)</sub> or I <sub>F(AV)</sub>	45 A, 60 A					
Туре	Modules - thyristor, standard					
Package	AAP Gen 7 (TO-240AA)					

#### **MECHANICAL DESCRIPTION**

The AAP Gen 7 (TO-240AA), new generation of AAP module, combines the excellent thermal performances obtained by the usage of exposed direct bonded copper substrate, with advanced compact simple package solution and simplified internal structure with minimized number of interfaces.

### **FEATURES**

#### High voltage

- Industrial standard package
- · Low thermal resistance
- UL approved file E78996
- · Designed and qualified for industrial level
- · Material categorization: for definitions of compliance please see www.vishay.com/doc?99912

#### **BENEFITS**

- · Excellent thermal performances obtained by the usage of exposed direct bonded copper substrate
- Up to 1600 V
- High surge capability
- · Easy mounting on heatsink

### **ELECTRICAL DESCRIPTION**

These modules are intended for general purpose high voltage applications such as high voltage regulated power supplies, lighting circuits, temperature and motor speed control circuits, UPS, and battery charger.

MAJOR RATINGS AND CHARACTERISTICS								
SYMBOL	CHARACTERISTICS	VS-VSK.41	VS-VSK.56	UNITS				
I <sub>T(AV)</sub> or I <sub>F(AV)</sub>	85 °C	45	60					
I <sub>O(RMS)</sub>	As AC switch	100	135	Α				
I <sub>TSM.</sub>	50 Hz	850	1200	A				
I <sub>FSM</sub>	60 Hz	890	1256					
l <sup>2</sup> t	50 Hz	3.61	7.20	kA <sup>2</sup> s				
1-1	60 Hz	3.30	6.57	KA-S				
l²√t		36.1	72	kA²√s				
V <sub>DRM</sub> /V <sub>RRM</sub>	Range	400 to 1600	400 to 1600	V				
T <sub>Stg</sub>		-40 te	°C					
TJ		-40 te	°C

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.
