"#" indicates a package specification code.

## DST9HB32E271Q55#

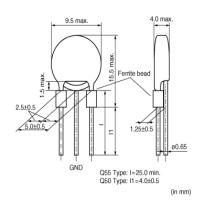

< List of part numbers with package codes > DST9HB32E271Q55B

### Appearance & Shape

### **Features**

DS\_9H is a basic type EMI suppression filter which can obtain high insertion loss in a wide frequency range. Its three terminal structure enables nice high frequency performance. High rated voltage of 250Vdc and wide operating temperature range from -40 degrees C to 105 degrees C are suitable for high reliability circuits.

### Supplement

Diameter of lead is 0.6mm for taping type.

Taping type is three terminal in-line arrangement.

## **Applications**

Automotive Usage

Powertrain/Safety

## Packaging Information

| Packaging |           | Standard |
|-----------|-----------|----------|
|           |           | Packing  |
|           |           | Quantity |
| В         | Bulk(Bag) | 200      |

### Attention

- 1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.
- 2. This datasheet has only typical specifications because there is no space for detailed specifications
- Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering

# **Specifications**

| Shape                          | Lead           |
|--------------------------------|----------------|
| Length                         | 9.5mm          |
| Length Tolerance               | max.           |
| Width                          | 4.0mm          |
| Width Tolerance                | max.           |
| Thickness                      | 15.5mm         |
| Thickness Tolerance            | max.           |
| Rated Current                  | 6A             |
| Operating Temperature<br>Range | -40°C to 105°C |
| Mass(typ.)                     | 0.98g          |
| Number of Circuit              | 1              |
| Insulation Resistance(min.)    | 10000ΜΩ        |
| Rated Voltage                  | 250Vdc         |
| Withstanding Voltage           | 625Vdc         |
| Capacitance                    | 270pF          |
| Capacitance Tolerance          | ±20%           |
| Structure/Shape                | Beads outside  |
