Part Number EVB-USB2250 - USB2250 Ultra Fast High Speed USB 2.0 Multi-Slot Flash Media Controller Eval

The SMSC EVB-USB2250 is an Ultra-Fast USB 2.0 Multi-Slot Flash Media Controller with CF, SD, MS, and xD connectors. The EVB-USB2250 Evaluation Board demonstrates a standalone high speed Mass Storage Class Peripheral Controller intended for reading and writing to more than 24 popular flash media formats from the Compact Flash™ CF, SmartMedia™ SM, xD Picture Card™ xD, Memory Stick™ MS, Secure Digital SD, and MultiMediaCard™ MMC families. This cardreader Evaluation Board features an on-board EEPROM for configuration and serial number data, as well as a socket for a flash media device for firmware updates.
