**Part Number: AC244051 - PIC16F1509-ICE Processor Extension Pak**

This Processor Extension Pak is optional for debugging the following devices and is intended for those who wish to debug the PIC16F1509 family of microcontrollers in-circuit, while freeing up I/O pins typically reserved for debugger use:

- PIC16F1509
- PIC16F1508

The product is required for debugging the following devices:

- PIC16F1507
- PIC16F1503
- PIC12F1501

Package contents:

- Main product: QTY 1: 02-02208-3 ASSY, PROCESSOR EXTENSION PAK (PIC16F1509-ICE)
- SIL Adapter: QTY 1: 02-01988 ASSY, RJ11 JACK TO SIL ADAPTER
- Gold pins: QTY 2: CON0172 HDR, 1x10 0.100 (0.210) 0.018 ROUND

The included SIL adapter interfaces the Processor Extension Pak with the MPLAB REAL ICE and MPLAB ICD 3 tools. The main product will interface directly with the PICkit 3 without the use of the SIL adapter.

Reference the latest Header Board Specification (DS51292) document for more detailed information on this and other h
