**Part Number EVB-USB3740 - USB3740 High Speed Switch Evaluation Board**

The USB3740 family of Hi-Speed USB switches were specifically designed to enable a range of applications to achieve single-port connectivity. Their design provides a substantial 1GHz of bandwidth, allowing for the passage of robust USB 2.0 signals. The USB3740 is a high-performance USB 2.0 switch providing excellent flexibility with very low current consumption in an extremely small package. **(Not Returnable/Cancelable)**

**Standard Pricing:**

In stock (ships immediately): 48
